

# Water Efficiency Rebates for Residents

The San Diego County Water Authority and its member agencies participate in SoCal Water\$mart, a region-wide program operated by the Metropolitan Water District of Southern California (MWD). The program offers rebates for water-efficient purchases for residential properties. Funding is limited and available on a first-come, first-served basis. For lists of products, guidelines and for rebate amounts, visit [www.20gallonchallenge.com](http://www.20gallonchallenge.com) and look under "Programs & Incentives."

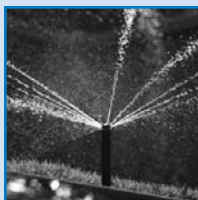

INDOORS

## High-Efficiency Clothes Washer Rebates

The SoCal Water\$mart Program provides a financial incentive to encourage customers to choose a high-efficiency clothes washer (HEW) instead of a standard top-loading model. HEWs use 65% less water, 55% less energy, use less detergent; clean better; and are gentler on clothes than standard clothes washers. Co-funding provided by SDG&E. For program information and eligibility requirements, please visit [20gallonchallenge.com](http://20gallonchallenge.com) or call 1-888-376-3314.

OUTDOORS

## Rotating Nozzle Rebates

The SoCal Water\$mart program offers rebates on rotating nozzles for residential properties. Rotating nozzles are a good tool for reducing runoff and water waste. For program information and eligibility requirements, please visit [20gallonchallenge.com](http://20gallonchallenge.com) or call 1-888-376-3314.

## Residential Smart Controller Rebates

The SoCal Water\$mart program offers rebates for certain brands of "smart" controllers for all customers in the Water Authority's service area. A "smart" or weather-based irrigation controller can be an effective technology for reducing water usage outdoors.

Additional individual water agency incentives are available in some areas. For detailed information, please visit [20gallonchallenge.com](http://20gallonchallenge.com) or call 1-888-376-3314.

## Smart Landscape Evaluations

A Smart Landscape Evaluation is a free service designed to assist customers of participating agencies with the identification of indoor and outdoor water savings opportunities. Single-family participants can expect to have technicians review indoor fixtures and evaluate the performance of the site's irrigation system.

Commercial and multi-family participants will receive a report outlining site specific irrigation and maintenance recommendations as well as plant alternatives designed to reduce water waste and use. To enroll please contact (866) 883-1332 unless you are a customer of one of the following agencies, in which case, please call the number corresponding to your agency to request the service.

Helix Water District	(619) 466-0585	Otay Water District	(619) 670-2291	City of San Diego	(619) 570-1999
Lakeside Water District	(619) 443-3805	Padre Dam MWD	(619) 258-4655	Sweetwater Authority	(619) 409-6779
Olivenhain MWD	(760) 632-4236	Rincon del Diablo MWD	(760) 745-5522	Vallecitos Water District	(760) 744-0460

Effective June 1, 2010
